## ANNUAL SECURITY REPORT 2009

### GENERAL CLERY ACT INFORMATION

#### **Introduction**

The “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act” requires colleges and universities to report annually, information regarding their campus security policies and campus crime statistics. This document is Hollins University’s annual security report in compliance with the Clery Act.

Hollins University is committed to providing a campus environment in which each student and employee feels safe and secure. Campus safety and security is the responsibility of all members of the campus community. As students make up the largest percentage of this group, safety and security is highly impacted by student actions. The University coordinates its effort, and maintains a close relationship, with local law enforcement officials. From time to time, the Division of Student Affairs conducts residence hall programs on crime awareness and safety.

The Annual Security Report is prepared by the Chief of the Hollins University Security Department, in conjunction with information provided by the HU Judicial Coordinator, the Roanoke County Police Department, Security Officer Incident Reports, and Confidential Crime Reports submitted by designated Campus Security Authorities. This report is published to the Hollins University Web Site, to My.Hollins and is available on the HU Security Department Web Site as well. Much effort has gone into the preparation of this report. Paper copies are available in the HUSD and the document is printable from all electronic posting areas.

#### **Department Mission**

The Hollins University Security Department, HUSD, strives to create an atmosphere of comfort and safety to allow students to concentrate on academic issues and to allow employees to concentrate on student service and learning.

The department’s objective is to work with all persons to preserve life, maintain human rights, protect property, and promote individual responsibility and community commitment. We believe it is our primary goal to maintain a safe and secure environment, and to provide campus security service for all persons living, working and visiting within the university.

The men and women of the HUSD serve both the Mission of the University, and the Mission of the Department. Our department motto, *to protect, serve, and educate*, shows a firm commitment to the university and to the people who are the university community.

#### **Department Authority**

The HUSD consists of nine Security Officers who are authorized to enforce federal, state, and local laws as well as university policy, rules, and regulations. HU Security Officers are not law enforcement officers by code definition and therefore have no authority to arrest or perform criminal investigations for referral to criminal court. HU Security Officers do file student judicial referrals and testify during student judicial proceedings. HU Security enforces laws and policies on the use of alcohol, illegal drugs, and the possession of weapons on campus.

#### **Investigation of Alleged Criminal Offenses**

Roanoke County Police patrol the off-campus area near the university and investigate criminal incidents on campus property. The HUSD works closely with the RCPD; however there is no written Mutual Aid Agreement or Memoranda of Understanding between Hollins University and Roanoke County.

## ANNUAL SECURITY REPORT 2009

### Location and Duties

The HUSD, located in Botetourt Hall, provides 24-hour-a-day security, dispatch, and information services to the campus community. HU Officers are linked to the Dispatcher and each other by two-way radios. The officers conduct foot, bicycle, and vehicle patrols of the campus grounds, academic and administrative buildings, and residence halls with increased emphasis during the hours of darkness. HU Security Officers also provide additional duties such as personal safety escorts on campus, enforcing all parking regulations, registering student bicycles, and assisting with special events.

### How to Contact HU Security

The HU Security Department has a Dispatch Center located within the main lobby of the HUSD in Botetourt Hall. The dispatch center is staffed and operational 24 hours a day, seven days a week, throughout the year. The on campus emergency number, **6911**, directly connects any campus phone with the HUSD and should be used when police, fire, or medical response is required or there is a threat to community safety. This number is also published in the university telephone directory and student handbook. For information, escort services, and other non-emergency calls, students and employees should dial the 24-hour non-emergency number, **362-6419**.

### Emergency Call Boxes

Hollins University has 12 emergency phones located at various strategic points around the campus community, ten of which can be identified by a blue light atop metal or wooden poles. Blue lights are lit and visible at night. By pressing the red button, the caller opens a direct telephone line to the HUSD Dispatcher. The dispatcher will see a display showing the location of the caller. The caller can talk directly to the dispatcher and the line will remain open until the dispatcher ends the call. The emergency phone at the front of the Dana Building is a red phone to signify that it is an emergency phone. The university campus is well lit with lighting in parking lots, on building entrances, and along walkways on campus.

### Crime Reporting

All crimes, traffic collisions, medical and fire incidents should be immediately reported to the HUSD, through the on campus **6911** number, to the non-emergency number 362-6419, or by use of the emergency call boxes on campus. The immediate reporting of any crime, especially sexual assaults, assists in the preservation of evidence, which may be necessary to convict a person involved in such criminal activity. If the victim wishes to report the crime to the local police, then the Roanoke County Police will be called to the scene. Students should report any suspicious looking individuals or circumstances immediately to the HUSD. A policy of "better safe than sorry" is prudent whenever the personal safety of the student is concerned. HUSD Officers are immediately dispatched to all reported crimes and an incident report with case number will be filed. HUSD Officers are responsible for timely updates to all cases that are assigned to them. **Always report crimes no matter how small they may seem. HUSD can do nothing about crimes unless they are reported.** Hollins also operates a 'Silent Witness' program where community members may go online to report criminal activity and remain anonymous. HUSD has established a solid working relationship with the Roanoke County Police Department through which local crime statistics and other criminal and incident information that may impact or relate to the University community is discussed on a continuous basis.

### Confidential Crime Reporting

Crimes may be reported confidentially to a "campus security authority" by means of a special form that will be forwarded to the HUSD Chief within 24 hours. Confidential crimes will not be 'investigated' by HU security or local police, but will be recorded in the Daily Crime Log and reported to the Department of Education, if one of the reportable crimes listed in the Clery Act. Timely notice will also be issued as a result of confidential crime reports if it is necessary to warn the community of a potential threat to others. Timely notice applies only to crimes specified in the Clery Act. The below list of University Titles have been identified as 'Campus Security Authorities' for Hollins University. Although pastoral and professional counselors are exempt from Clery crime reporting, Hollins University encourages these

### **Campus Crime Prevention**

Crime prevention lectures and programs are available through the Roanoke County Police Department Crime Prevention Unit each year for all students, faculty, and staff, and crime prevention information is available through the HU Security Department Website.

### **The Student's Responsibility**

The cooperation and participation of individual students in a campus safety program is absolutely essential. Students must accept responsibility for their own personal safety and the security of their belongings by taking common sense precautions. They should walk on lighted sidewalks near emergency alarms when walking at night and should walk in pairs whenever possible. Room doors should be locked at night and anytime the room is unoccupied. Valuable items should be stored out of sight and safeguarded by locks whenever possible. Cars should be parked in assigned areas and kept locked at all times with valuable items locked in the trunk out of sight. Please refer to the Student Handbook as it serves as a guide to Hollins. It contains information on student government, campus activities, traditions, policies, people, and the Roanoke area.

## ANNUAL SECURITY REPORT 2009

### **Daily Crime Log**

The HU Security Department must maintain a public log of all reported crimes and make the crime log for the most recent 60-day period open to public inspection during normal business hours...any portion of the log older than 60 days must be available within 2 business days of a request for public inspection. Crimes reported by way of a local police report or campus security incident reports are included in the crime log with a case number assigned. **Voluntary confidential reports** made to other "Campus Security Authorities" are included in the annual crime statistics report under the Clery Act, and are included in the crime log with a regular case number assigned.

Crime log case numbers do not run sequentially. The HU Security Department assigns a case number for all reportable activities, both criminal and non-criminal. Only case numbers generated for criminal activity are listed in the crime log.

Each crime's information is recorded as below:

***Nature (Classification); Case Number; Date and Time Reported; Date and Time Occurred; General Location; Disposition (if known)***

Crimes are in chronological order. The most recent crimes are at the bottom of the list.

Note: Confidential Crime Reports are included in the Daily Crime Log with a regular case number and are recorded with the date reported to the Campus Security Authority. The Chief of Security receives confidential reports and prepares a case report on the available information. Dispositions for confidential reports will be 'confidential crime report'

### **Timely Warning Policy Statement**

In the event that a situation arises, either on or off campus, that, in the judgment of the Chief of the HUSD, constitutes an ongoing or continuing threat, a campus wide "Timely Warning" will be issued through My.Hollins, to students, faculty, and staff.

Anyone with information warranting a timely warning should report the circumstances to the HU Security Department, by phone at 362-6419, or in person at the HUSD on the main floor of Botetourt Hall.

## **POLICIES AND REGULATIONS**

Hollins University has designed policies and regulations to expedite the safe and orderly conduct of Hollins University business. These policies apply to all community members, contract vendors, and all visitors of Hollins University. The regulations are enforceable on all properties owned or controlled by the University.

### **Alcohol and Drug Policy Statement**

Alcohol may be used on campus only in accordance with Virginia ABC regulations. The university complies with the Drug-Free Schools and Community Act Amendments of 1989. Information on the university drug policy is found in the employee and student handbooks and in the paragraph below. Hollins prides itself in providing an environment in which all members of the community can develop intellectually, personally, and professionally. Since excessive use of alcohol may not only cause physical and mental harm, but also interfere with the professional life of all members of the university community, the university strongly disapproves of excessive use of alcohol by any of its members. Reporting to work or performing one's job while under the influence of alcohol is cause for disciplinary action, up to and including dismissal. Disciplinary action will also be taken when disruptive or destructive behavior related to alcohol becomes evident. The primary objective of the university is, however, to provide education

## **ANNUAL SECURITY REPORT 2009**

about the use of alcohol and its consequences. Alcohol dependency will be treated as an illness and anyone with an alcohol problem will be offered help through counseling or referrals to appropriate programs and support groups. The storage, possession and consumption of alcoholic beverages by anyone over 21 on university property is permitted only in accordance with Virginia state law, which means that drinking of alcoholic beverages in public spaces is prohibited, as is intoxication in public. A public place is any place or building which the public has or is permitted to have access. According to Virginia state law, the purchase, possession, and consumption of alcoholic beverages by persons under the age of 21 is prohibited, those 21 and older may not purchase or distribute alcohol for anyone under age. The university does not provide any sanctuary from the law, and persons who furnish alcoholic beverages to anyone under the age of 21 may be subject to civil liability and criminal prosecution. It is often hard to determine a person's age without asking for proper identification. It is the responsibility of the faculty, administration and staff to understand and adhere to the student alcohol policy. Sponsors of university events are asked to refrain from offering alcoholic beverages if a large number of underage persons are expected to attend. At any event at which alcoholic beverages are served, attractive non-alcoholic beverages and food must be made readily available for the duration of the event.

Since the consumption of drugs frequently causes physical and mental harm to users, and interferes with their ability to carry on their professional and personal lives, it is the intent of Hollins University to provide a drug-free workplace and campus environment. Since the use of some drugs is illegal, the university cannot, under any circumstances, tolerate the use of controlled substances by a member of the Hollins community. The primary objective of the university is to provide education about the misuse of illegal drugs and its consequences. The university will treat drug dependency as an illness and anyone with a drug-related problem will be offered help through counseling or referrals to appropriate programs and support groups. However, the university will employ no person who is known or suspected to be a user or distributor of drugs. The use or possession of illegal drugs within the campus environment or during working hours is strictly prohibited. Violation of this policy is cause for immediate disciplinary action. Anyone who distributes illegal drugs will be dismissed from the university and may be subject to criminal prosecution by appropriate federal or state authorities. Hollins University does not provide sanctuary from state and federal laws, which regulate the use of drugs. Law enforcement agents have jurisdiction on campus, and, when in possession of the proper documents, may legally make arrests and search any room or building without prior notice to the university. The university cannot protect an accused person from the consequences of an arrest or conviction on or off campus.

### **Sexual Assault Policy Statement**

The Office of Health and Counseling Services and The Sexual Assault Response & Awareness Program (SARA) provides several programs during the school year to promote the awareness of rape, acquaintance rape and all other sexual offenses. Any student involved in a sexual assault will be offered counseling services through Health and Counseling Services and other resources available in the community such as SARA. Victims of sexual assault are encouraged to make a report to HUSD and Roanoke County Police. This action does not obligate prosecution, but it does make legal action possible if the decision to prosecute is made at a later date. The earlier an incident is reported, the easier it is to collect valuable evidence. Victims have the option of keeping their report of sexual assault in complete confidence, protecting their right to anonymity, when making a report through Health and Counseling Services or SARA. The victim will be provided assistance to change academic and living situations, as necessary.

University judicial action, criminal prosecution and civil litigation are options to victims of sexual assault. University sanctions for sexual misconduct and other offenses follow the disciplinary procedures as detailed in the Hollins University Student Handbook. Such sanctions may include suspension or dismissal from the University.

### **Weapons Policy Statement**

Weapons of any kind, including firearms, are prohibited on the university grounds except in the possession of law enforcement or HUSD personnel.

## ANNUAL SECURITY REPORT 2009

### **Campus Sex Crime Prevention Act**

The federal Campus Sex Crimes Prevention Act became effective in October of 2002. The law requires institutions of higher education to issue a statement advising the university community where to obtain law enforcement agency information provided by the State concerning registered sex offenders. It mandates that sex offenders already required registering in a state to provide notice of each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student. In the Commonwealth of Virginia convicted sex offenders must register with the *Sex Offender and Crimes against Minors Registry* maintained by the Virginia Department of State Police. Information concerning offenders registered may be disclosed to any person requesting information on a specific individual in accordance with the law.

Each public and private two- and four-year institution of higher education physically located in the Commonwealth shall electronically transmit enrollment data including (i) complete name, (ii) social security number or other identifying number, (iii) date of birth, and (iv) gender to the Department of State Police, in a format approved by the State Police, for comparison with information contained in the Virginia Criminal Information Network and National Crime Information Center Convicted Sexual Offender Registry File, for all applicants that are offered acceptance to attend the institution. This data shall be transmitted before such time that an applicant becomes a "student in attendance" pursuant to 20 U.S.C. 1232g (a) (6) at that institution. However, institutions with a rolling or instantaneous admissions policy shall report enrollment in accordance with guidelines developed by the Department of State Police in consultation with the State Council of Higher Education and the Virginia Community College System. Such guidelines shall be developed no later than January 1, 2007.

The Virginia State Police web site has further information and searches for information on offenders by location or name can be done electronically at:

<http://sex-offender.vsp.virginia.gov/sor/>

### **Disciplinary Actions Statement**

In cases where probable cause exists to believe that a student may be involved in a violation of the laws of the Commonwealth, the university may initiate charges through the Roanoke County criminal court system and/or through the university's judicial system. Violations of university policy may result in a charge filed through the university judicial system. The Dean of Students, or designee, may initiate disciplinary action for violations committed by members of the university student community.

### **Residence Hall Security Statement**

All exterior doors to the student residence halls are locked 24 hours a day (except the front door of Main residence hall). Students are responsible for locking their own individual rooms. Male guests in residence halls must be escorted at all times by the student they are visiting. Student rooms in newer residence halls have deadbolts, but some older residence hall rooms have conventional door locks. A part system is required for entry into a student's residence- first, the exterior door, and second, the door to the student's room. Tinker, Randolph, West, and East Residence Halls now have ID card access systems which allow only authorized persons to enter the exterior doors of the three residence halls. As funds permit, additional Residence Halls will be fitted with ID card access systems. In coordination with the Student Affairs Division, HUSD and the residence life staff conducts training in fire safety and personal security in the residence halls and at other locations on campus.

### **Building Security and Maintenance Statement**

The Department of Plant Operations and Services maintains university buildings and grounds with concern for safety and security. HU Security Officers inspect facilities on every duty tour, write repair orders, and follow up to ensure prompt repairs. Repairs affecting personal or residence hall security are made the same day. While administrative buildings are secured after normal business hours, some academic buildings are open 24/7 for student access. HU Security Officers, to ensure the safety of the community, patrol all 24/7

## **ANNUAL SECURITY REPORT 2009**

buildings. Some university facilities are equipped with video camera surveillance systems. The Hollins University Apartments are camera equipped and monitored 24/7 at the HUSD Dispatch Center.

### **Immediate Emergency Response and Evacuation Procedures Statement**

Hollins University has installed an Emergency Siren that will alert the campus community in the event of a severe weather incident or the presence of a violent intruder. We have designated these two types of dangerous situations as "Take Cover" incidents with specific response procedures. The Hollins University Emergency Notification System uses a loudspeaker/siren combination as well as university e-mail, university phone system, cell phone text messages, building emergency coordinators, and university personnel equipped with two-way radios. The HUSD Dispatch Center also has direct two-way communications with the Roanoke County Emergency Communications Center.

In September of each new academic year, Hollins University will notify all campus community members of the availability and location the Emergency Response Plan through the use of My.Hollins.

At least once per calendar year, Hollins University will conduct a test of the emergency response and evacuation procedures.

### **Missing Student Notification Policy and Procedures Statement**

This will be required in the 2010 Annual Security Report.

### **Annual Fire Safety Report Statement**

This will be required in 2010 and will include Fire Safety Information and Statistics for the 2009 calendar year.

## **CAMPUS CRIME STATISTICS**

The statistical information provided below complies with the required reporting of the Jeanne Clery Disclosure of Campus Security Policies and Campus Crime Statistics Act. Crime statistics for the most recent three-year periods are published. These statistics reflect incidents reported to Hollins University Security Department and Roanoke County Police Department, and involve incidents occurring on campus, in residential housing and in areas adjacent to the university campus.

The statistical data reported is compiled from records maintained by the HUSD, the Dean of Student's, and the Roanoke County Police Department. The criminal offenses are classified using the FBI's uniform crime reporting system definitions. The "Clery Act" defines the location categories used. "Non Residential" indicates the violation occurred on campus grounds or in buildings not used for student housing.

"Residential" indicates it occurred in a university owned residence hall. "Public Property" is public property such as streets and sidewalks adjacent to the campus. "Non Campus" refers to any building or property located off campus and owned or controlled by a student organization officially recognized by the university. The reader should keep in mind that some crime victims may choose not to report offenses to campus or local law enforcement authorities and that violations listed may result in both arrest and disciplinary referral for the same offense. Other types of unacceptable conduct such as thefts and vandalism occur on university campuses. All criminal activity is detrimental to the University community, and strong measures including dismissal are taken against offenders.

### **Definitions:**

#### ***Aggravated Assault***

An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. (It is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon is used which could, and probably would, result in serious personal injury if the crime were successfully completed.)

## ANNUAL SECURITY REPORT 2009

### ***Arson***

Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

### ***Burglary***
