Two physical education activity courses are required for graduation.

Students are encouraged to complete all requirements by the end of the sophomore year. Many PHED courses are offered in half-semester sessions. While students may enroll in more than one half-semester course or full-semester course in a single term, not more than one activity course or varsity team sport registered in that term may be taken in fulfillment of this requirement. Students are permitted to take multiple classes in a semester if they wish and as space permits. Not more than one activity at the 100-level or 300-level may be counted toward satisfying the requirement. A 200-level course may not be repeated for credit. To satisfy a term of the physical education requirement, all work must be completed within the term. These courses carry no academic credit and are graded on a pass/fail basis. All courses are offered to first-year students as well as the Hollins community. Students are encouraged to complete both requirements by the end of the sophomore year but may take additional PHED courses to stay active if space permits.

With respect to the needs of individual students, maximum practical flexibility is applied. However, it is rare that a student is excused from completing the physical education requirement. Independent study is only approved in cases of medical necessity or unavoidable circumstances. The aim of the Physical Education department is to foster understanding of life-long well-being and to help students develop physical skills which can be useful throughout life. Special fees are charged for some courses.

THE HOLLINS OUTDOOR LEADERSHIP CERTIFICATE (HOLC)

The Hollins Outdoor Leadership Certificate is designed for women at Hollins who are interested in outdoor leadership. The goal of the program is to provide training for women leaders in adventure recreation. The certification process includes components of the Wilderness Education Association's National Standards Program, Leave No Trace trainer certification, Wilderness First Aid, leadership hours completed with the Hollins Outdoor Program (HOP), and course work.

This is a two-year process wherein each woman will have the capability to learn and develop her decision making, technical skills, and personal outlook through hands-on experience. Each woman who completes the HOLC program will graduate with at least two nationally recognized certifications and necessary experience if she wishes to pursue an education or career in outdoor leadership.

WILDERNESS EDUCATION ASSOCIATION NATIONAL STANDARDS COURSE

This is a 30-day outdoor leadership course concentrated in the southeastern United States. The course typically consists of four distinct activity components. Students will first experience a five-day technical caving school utilizing the expansive cave systems of Southwest Virginia. A whitewater canoeing clinic/trip will be held on the Chattooga River, a wild and scenic river of South Carolina/Georgia. Students will transition to the final portion of the course held at the Pisgah National Forest of North Carolina. Students will participate in a seven-day rock-climbing clinic in the Cedar Rock area and finish the course with a backpacking expedition. The teaching curriculum is based on the Wilderness Education Association's 18-point curriculum.
